Concept

The ONE Liberia Student League is dedicated to promoting a united Liberia. Our initiative hopes to unite young Liberians by engaging and empowering through a campaign against the use of class, tribalism, politics, or any other philosophy that may be used as a tool to divide our people.

This initiative comes as a result of urgent and pressing needs arising in contemporary Liberian society due to the past fifteen years of civil unrest. The inclusiveness of this program will reflect the contemporary aspirations all Liberians, young and old, with a focus on education, community development, provision of social service amenities and some level of economic security.

The members of the ONE Liberia Student League will strictly adhere to the rules and regulations of the University of Liberia, and encourage fellow students to do the same. As Liberians from a wide range of backgrounds, the members of the initiative may not share similar views on our country's key issues, but all share a vision of the great nation Liberia will one day be. We look forward to forecasting the dream of a people united under one vision.

Objectives

To raise the potential of young Liberians by providing educational programs of an inclusive nature, that will generate collective participation.

To focus on the issues of education and accomplishment as tools to attaining a wholesome working environment.

To build a culture of tolerance and national unity by developing and implementing several unification programs that fully reflect the dignity of true Liberian values.

To build a vibrant generation of today, by engaging and empowering our young people with new technological ideas in order to have a sustainable future.

Mission and Vision

The ONE Liberia Student League's mission is to build a united Liberia by empowering and engaging every Liberian through a process of collective action and interaction.

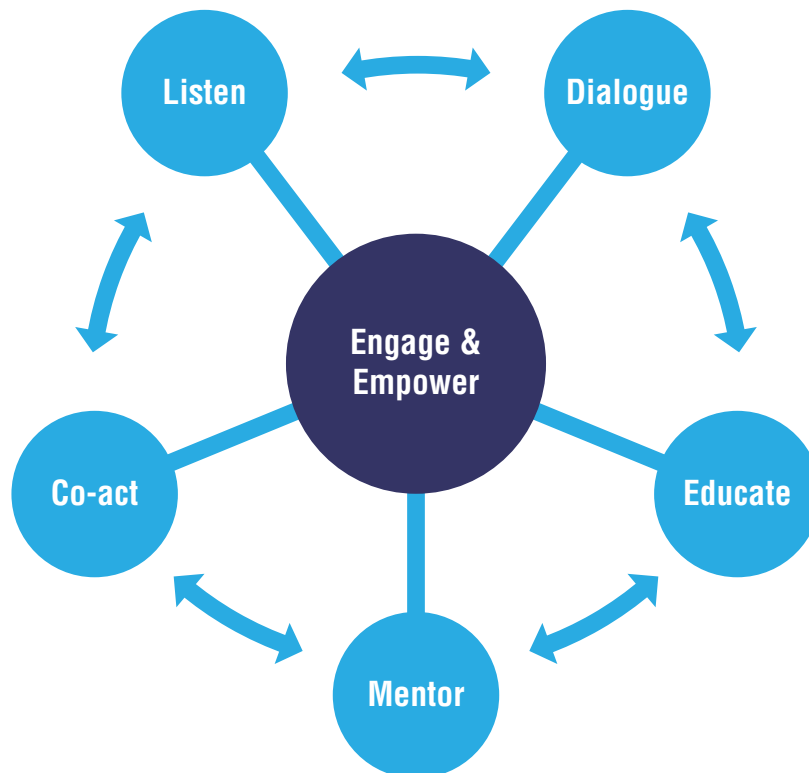

Our vision is to build a united Liberia where all Liberians truly share in nationalistic principles and values.

Programs

After intensive consultation with a wide range of Liberians we as an organization are committed to implementing the following programs:

- Youth empowerment workshops
- Volunteer community service
- Conflict resolution and peace building
- Mentor-ship network
- Intellectual debates
- Interactive global outreach
- On-the-job training programs
- Provision of social services
- Scholarship programs

The general coordination strategy shall include the following processes:

Structure

The structure of the ONE Liberia Student League shall be divided into four separate parts. Namely: Executive, Administration, Operations, and Finance.

Executive:

The Executives shall be comprised of all the line departments, which, together with the Director General and CEO, will work on a day to day basis for the strategic governing purposes of the organization.

Administration:

In the Administrative section, the Deputy Director of Administration shall be the head. This section shall also include the following departments: Human Resources, Public Relations and Training. Their functions shall include creating and sustaining reputable administrative practices.

Operations:

The Operations department shall coordinate the day to day technical affairs of the organization and shall include the Technical Services, Maintenance and other operational areas as may be define by the organizations Executives. The department shall be headed by the Deputy Director of Operations who will be assisted by Principal Technical Managers.

Finance:

The Finance section shall be headed by the Comptroller, and shall be responsible for carrying out the daily comprehensive financial transactions of the organization.

Membership and Benefits

Membership shall be divided into four categories, executives, middle managers, staff, and general membership. Benefits in the organization shall be equitably distributed according to membership categories. As a social service organization our members stand to benefit from incentives, scholarships and other educational facilities.
